

OE Fuel Modules

OE quality and dependable performance.

- › Original equipment parts for simplified installation and fewer comebacks
- › Vehicle specific fit and function
- › Made in ISO certified facilities
- › Excellent availability and delivery

Continental Fuel Supply products are well known for their robust design and ability to withstand the most extreme operating conditions. Every component employs state-of-the-art technology and is engineered to the highest quality for peak performance.

Continental offers an exclusive OE only line of fuel modules to the aftermarket. Professional technicians and DIYers alike want the highest quality products for ease of installation, fit, form, and performance. That's exactly what they get when they choose Continental. With Continental, every part number is application-specific to not only provide OE fit and performance, but ensure long service

life. Continental fuel modules are built in ISO/TS certified facilities and are the JHQXLQH OE replacement part. They offer OE quality, dependable performance, and competitive pricing. With today's gas prices, drivers cannot afford to operate a vehicle that's not functioning at peak efficiency. That means they need fuel systems that are operating at JHQXLQH OE specifications. Don't let your customers settle for anything less than the highest quality - Continental Fuel Supply Products.

Don't question the part you are installing, choose Continental OE parts.
